Water Supply Assessment East End Studios Arts District Los Angeles Project

Water Supply Assessment

East End Studios Arts District Los Angeles Project

I. **Requirement:** Compliance with California Water Code Sections 10910-10915.

II. **Summary:**

Project Name	Council District	Project Scope	Net Add'l Water Demand	Water Conservation Savings
East End Studios Arts District Los Angeles Project	14	299,012 square feet (sf) of studio space, 69,192 sf of production support, 299,407 sf of office space, 4,000 sf of retail and 4,000 sf of restaurant space	63 AFY	12 AFY (16%)

III. **Findings:** Projected water supply will be available during normal, single-dry, and multiple-dry water years as included in the 2020 Urban Water Management Plan to accommodate this project's water demands, in addition to the existing and planned future demands.
