

RESOLUTION NO. _____

BOARD LETTER APPROVAL

JOHN A. SMITH, JR.
Chief Administrative Officer

JANISSE QUIÑONES
Chief Executive Officer and Chief Engineer

DATE: March 3, 2025

SUBJECT: Agreement for Pinkerton Consulting & Investigations Inc., Executive Protection Services

SUMMARY

The proposed agreement (Agreement) is to obtain security services for the Chief Executive Officer and Chief Engineer (CEO-CE) for a term of one year, and for a total aggregate amount not to exceed \$703,577 (budgeted) from Pinkerton Consulting & Investigations Inc. (Pinkerton). The Agreement is a single source contract, however, Los Angeles Department of Water and Power (LADWP) did obtain proposals from multiple firms prior to selecting Pinkerton.

Under the Agreement, Pinkerton will provide security agents trained in personal safety, defensive tactics, travel security, and surveillance on an as needed basis to the CEO-CE. LADWP has recently identified multiple direct threats and security vulnerabilities to the CEO-CE which necessitate the award of the Agreement.

City Council approval is not required.

RECOMMENDATION

It is recommended that the Board adopt the attached Resolution authorizing the Agreement.

ALTERNATIVES CONSIDERED

LADWP currently does not have the security capability to provide personal security services. As such, it is more feasible for LADWP to contract out private security detail who are highly qualified and trained to provide effective security and response, including but not limited to, defensive tactics, travel security, and technical surveillance counter measures.

FINANCIAL INFORMATION

The Agreement is for a term of one year, and for a total aggregate amount not to exceed \$703,577.

BACKGROUND

The wildfires that ignited and led to the Declaration of a Local Emergency by Mayor Bass, on January 7, 2025, have amplified the critical necessity to provide personal protective security services to LADWP's CEO-CE. Since the wildfires began, LADWP has received numerous threats to the CEO-CE's personal safety, some of which have required direct intervention by law enforcement personnel. As the head of the largest municipal water and power utility in the country the LADWP CEO-CE regularly attends meetings and community events and conducts field visits to LADWP infrastructure that necessitate the need for personal security services. Since the fires first began, the LADWP CEO-CE has received security services from local law enforcement personnel, but such services are unable to continue due to a lack of available personnel.

Pinkerton is a comprehensive risk management firm offering executive protection and security consulting. Pinkerton dispatches professionals with backgrounds in military operations, counter surveillance, personal protection services, and former special forces personnel to safeguard high-level personnel. Services offered include event security, secure car and driver, route planning and coordination with local law enforcement and public safety authorities.

Pinkerton has not been previously awarded a contract with LADWP. Based on Vendor Authentication Unit's review, Pinkerton meets the requirements of this Agreement, no issues were found.

ENVIRONMENTAL DETERMINATION

Determine item is exempt pursuant to California Environmental Quality Act (CEQA) Guidelines Section 15060(c)(3). In accordance with this section, an activity is not subject to CEQA if it does not meet the definition of a project. Section 15378(b)(4) states that government fiscal activities that do not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment do not meet that definition. Therefore, the request for qualifications for consulting services is not subject to CEQA.

CITY ATTORNEY

The Office of the City Attorney reviewed and approved the Agreement and Resolution as to form and legality.
